PREPARING STUDENTS
FOR LIFE

Preparing Students for Life

Your child will receive an incomparable education that will help them go far at **Kilgour School**.

For the 2021-22 school year, we will be back and stronger than ever with in-person learning five days a week and established safety protocols. Here, your child can:

- Embrace the rapid pace of innovation and learn the value of good citizenship through our Twenty-First Century Learning program. They'll also work with cutting-edge technology, such as 3D printers, and develop their creativity, critical thinking, communication and collaboration skills.
- Transform into an entrepreneur-in-training by working with Cincinnati-based companies on everything from product development to marketing.
- Grow their social and emotional skills through our Responsive Classroom approach.
- Pursue their passions and discover new interests through a variety of activities like soccer, basketball, volleyball, art club, chess club, technology club, student council and more.
- Extend their learning opportunities beyond the school day through Champions, our before- and after-school program provider.
- Become a future alumnus of a school steeped in history and academic success. In 2022, we will turn 100 years old.

Kilgour School serves grades K-6 in Mount Lookout.
